## General Instructions

Complete this form if you own an underground storage tank that is not regulated by the State of Connecticut (has not been registered with the State of Connecticut), which is currently in use, which was taken out of operation, or removed.

The information requested is required by ordinance (Town of Mansfield Underground Storage Tank Ordinance). any owner who fails to notify or gives false information is subject to a fine.

## Help

Please read the instructions below regarding completion of the form. If you need help on a question, or would like additional information please call the Mansfield Fire Marshal at 429-3328.

## Who Must Notify

Any "owner" and former owner of underground facilities, including facilities taken out of service prior to July 1, 1996.

## Facilities which require Notification

Any underground residential facility that stores petroleum products for heating, and any other underground facility that stores petroleum products having a nominal capacity of less than 2100 gallons.

## Facilities Exempted from Notification

The following underground facilities are exempted from notification:

1. Any facility required to register with the State of Connecticut.
2. Any facility with a nominal capacity of less than 10 gallons, and the oil is used for on-site heating or power production, and the oil is not for resale, and the facility is not used for waste oil.

## When to Notify or Re-Notify

Facility Description	Date
1. Still in use	July 1, 1996
2. Brought in use after July 1, 1995	30 days
3. Out of use prior to July 1, 1995	July 1, 1996
4. Out of use after July 1, 1995	30 days
5. Changes in facility status	30 days

## Where to Notify

Send this notification form to:

Office of the Fire Marshal  
Town of Mansfield  
4 South Eagleville Road  
Mansfield, CT 06268

## Instructions

### Item Number

1. Enter the location (e.g., front yard), and address of the facility, and include a telephone number for the facility.
2. Enter the name, address, and telephone number of the facility owner.
3. Enter the name, address, and telephone number of the contact person.
4. Assign each tank a unique ID which must agree with the ID on the sketch of the facility.
5. Fill in the date (month and year) of installation for each tank. If you are not certain of the exact date, write "EST" and the approximate date. Enter a "?" if you have no idea of the installation date.
6. Indicate the life expectancy (total number of years, not the number of years left) from the date of installation. Pursuant to section 8 of the ordinance, life expectancy is as follows:
  - Fiber Reinforced Plastic - Manufactures corrosion warranty period.
  - Cathodically protected steel - Manufactures corrosion warranty period.
  - Existing facilities not either of the above - 15 years from the date of installation
7. Enter the nominal capacity (design) for each individual tank.
8. Indicate the status of each tank by placing an "X" in the appropriate column.
9. Enter the name of the contents of the tank.
10. Indicate the Construction Materials of each tank by placing an "X" in the appropriate column.
11. Indicate the type of Protection for each tank by placing an "X" in the appropriate column.
12. You must attach a diagram of the facility. Check the box to indicate that you have attached the sketch and that it shows the approximate location of the tank(s) in regard to any buildings and the street that the property fronts on.
13. This Certification must be signed and dated by the owner or operator of the facility, certify that the information is completed to the best of their ability.
